## About ESITO

ESITO is the industry training organisation for the electricity supply industry. We set national standards and qualifications for the industry and assist companies with training arrangements and coordinating trainees.

### **Powerful Careers**

ESITO has many opportunities for people wanting to explore a career in the electricity supply industry.

### **Career Expos**

We attend a number of career expos around the country each year.

### **Taster Courses**

ESITO offers students a chance to go on a two-week FREE taster course each year. Courses run in five locations and will give you an overview of careers and companies in the industry.

### **Gateway**

Gateway is a programme for senior secondary students to complete relevant unit standards and attend a work placement in an electricity supply company.

### **Pre-Employment Scholarships**

Why not get ESITO to contribute to your courses fees and expenses?

Scholarships funds are up for grabs each year for electricity supply related courses.

Applications open on 1 August and close at the end of October. Find out more about all of these on [www.esito.org.nz/career\\_centre/](http://www.esito.org.nz/career_centre/)

Call us on 0800 4 ESITO (0800 4 37486) to discuss.
